The death of a loved one is typically accompanied by multiple decisions and emotions that can leave family and friends feeling overwhelmed and confused. One of the most thoughtful gifts we can give to them is our final wishes for our funeral. In this way they have one less major decision to worry and wonder about. This also ensures that the funeral liturgy will be celebrated according to your desires. Please complete this form and return it to the parish office. It will be kept on file and in the strictest of confidence. Feel free to contact us with any questions or concerns.
